LIFE ASSURANCE as an investment has been for a few years, but on the average it rises, for upwards of twenty-five years, therefore insurers should consider well the advantages which they thus embark their savings, to secure the future comfort and independence of their family.

The Canadian Board at Toronto have felt power to accept risks, retire claims, and make investments in the country, where insurance is the most profitable in Canada. They have already invested in Canada large sums of money, considering not only the amounts received from the business the office since its establishment in Toronto, but also of the funds sent out for the purpose by the Head Office, Edinburgh; they therefore can offer to the public the advantages of a Canadian as well as a British Company.

Money to invest, at reduced rates of interest.

Prize Fanning Mill
IMPORTANT TO FARMERS.
No Mistake About It.
D. LUSK'S COMBINED
FANNING MILLS
AND BLOWERS.
LOOK the 1st Prize at the Fall Show of the North York Ag. Society, for 1861, also, at Winchester, Twelfth Nov. 1861. They are made of the best materials and are considered by competent judges, to be the best Mill now in use for Cleaning all kinds of Grain, especially for taking Oats from Spring Wheat. See the following Testimonials.
East Gwillimbury, Oct. 23, 1861.
MR. LUCK.
Dear Sir,—I have purchased one of David Lusk's Mills, and find it does us work better than any mill I ever worked with. I can mix clean wheat half and half, and again separate the oats from the wheat as well as for seed. So (as) and have tried the mill, I find it will show every purpose a farmer may wish.
JOHN FLATCHEE.
Whitechurch, Oct. 12, 1861.
MR. D. LUSK.
Dear Sir,—I have purchased one of David Lusk's Combined Fanning Mills, and I find it to be the best that I have any knowledge of, because it will separate oats from spring wheat, and can make a better sample of wheat, mixed with any rubbish or dirt, than any other mill that I have used or seen used. I am sure it can be regulated different ways to any mill that I have yet seen in use, which I consider an improvement.
FRANCIS SMITH.
North Gwillimbury, Oct. 9, 1861.
MR. D. LUSK.
Dear Sir,—Permit me to say that we consider your Combined Fanning Mill and Blower one of the best articles ever introduced. We have used it, and speak from experience.
Yours truly,
DANIEL STEPHENS.
PETER PROCTOR.
North Gwillimbury, Oct. 11, 1861.
MR. D. LUSK.
Dear Sir,—I have no hesitation in saying, that your Combined Fanning Mill and Blower is the best to separate all kinds of grain, that has yet been presented to the public.
JAS. COOPER.
Windsor, Ont.
Farmer and experienced Miller.
Queensville, Oct. 12, 1861.
MR. D. LUSK.
Dear Sir,—I have used your mill I purchased from you, and for cleaning dirty fall wheat, or taking the coat off of spring wheat, it far surpasses any mill that I have any knowledge of.
Yours, &c.,
W. HILL.
Farmers are respectfully invited to examine these Mills before purchasing elsewhere. All orders addressed to the Subscriber, Newmarket P. O., will meet prompt attention.
